

2024 Governor's Awards for Historic Preservation

Historic resources and archaeological sites tell us about the past and help us celebrate Michigan's unique identity.

Their preservation is vital to Michigan's present and future as they contribute to vibrant communities and our understanding of the past.

Each year, the State Historic Preservation Office and the State Historic Preservation Review Board identify worthy recipients to receive the Governor's Awards for Historic Preservation, which are presented during

National Historic Preservation Month in May. The awards recognize homeowners who rehabilitate their homes; developers who transform underutilized historic structures into vital economic assets; and academic institutions, archaeologists, nonprofits, and units of government—among other partners—who strive to preserve Michigan's important historic and cultural resources.
