COMMUNITY PARTICIPATION PLAN
A GENERAL OUTLINE FOR HOW THE COMMUNITY CAN PARTICIPATE IN THE PLANNING PROCESS FOR THE CREATION OF THE MASTER PLAN

INTRODUCTION
Imagine Escanaba in the year 2036 and how different it will be. Then ask yourself these questions, “What kind of City do we want the City of Escanaba to become by 2036 as residents? What do we have to do to become the City we envision? What steps will get us there?”

During 2016 the City of Escanaba will continue updating its Community Master Plan, along with other planning and development processes. Wide reaching representative community involvement is needed so that everyone is included in the various planning processes. It’s our roadmap to the future!

As part of the planning process of designing and developing our community, a Public Participation Plan is also being developed. This Plan is an essential tool for outlining how Elected Officials, Appointed Officials, and Boards and Commissions engage the public throughout the planning and development process. The Plan also acts as a tool for accountability and transparency requiring a municipality to seek public input as well as record the results to the people.

OTHER BOARDS AND COMMISSIONS

The City encourages participation in local government planning and policy decisions. Therefore, all citizens are invited to apply for appointments to City Boards and Commissions. Through these opportunities, civic minded citizens become involved in their local government, these groups provide recommendations to the City Council on a variety of topics and issues. The members of the Boards and Commissions help to analyze options and influence important decisions on behalf of the community. As a result, the City benefits from the vast knowledge, experience and expertise of its citizens.

In general, depending on the nature and location of the project, many of the Boards and Commissions may review a proposed plan or specific aspect of a land use project. These Boards and Commissions function in two distinct capacities in the public policy process in the City of Escanaba - advisory and administrative. Some will serve in both capacities.

Each advisory Board or Commission makes recommendations to the City Council based on the scope of its particular service area. Typically, advisory Boards and Commissions have a work agenda in place for a calendar year during which it undertakes projects, deliberates on issues, and hosts special events. The City Council is responsible for making the final decisions on most issues or topics, but it will look to these groups for advice, background information, and analysis. As the elected body, the City Council has discretion to accept advice in full, in part, or not at all. Certain Boards and Commissions have an additional administrative role. This means that they are permitted or required by charter, statute or ordinance to conduct formal reviews and issue administrative decisions. These decisions are then sent to the City Council as official recommendations.

Board and Commission Member positions are all voluntary and are appointed by the Mayor, with the consensus of City Council. Once appointed, the time commitment for each Board and Commission varies, some meet on a regular schedule, others on an as needed basis. Preparation for some meetings may require additional time obligations. Once committed, attendance at all regularly scheduled meetings is critical.

**PERTINENT STATE REGULATIONS (Cont.)**

**Michigan Planning Enabling Act**

In Michigan, the Michigan Planning Enabling Act determines the rules and regulations local governments must follow when preparing the Master Plan. In accordance with the Michigan Planning Enabling Act (PA 33 of 2008) the following parties will be notified via first class mail, personal delivery, or electronic mail by the Planning Commission of the intent to plan and request the recipient’s cooperation and comment:

- The county in which the municipality is located.
- The regional planning commission for the region in which the municipality is located, if there is no county planning commission for the county in which that municipality is located. If there is a county planning commission, the municipal planning commission may consult with the regional planning commission but is not required to do so.
- The county planning commission, or if there is no county planning commission, the county board of commissioners for the county in which that municipality is located.
- Each public utility company, railroad company, and public transportation agency owning and operating a public utility, railroad, or public transportation system within the local unit of government, and any government entity that registers its name and mailing address for the purpose with the planning commission.
- If the master plan will include a master street plan, the county road commission and the state transportation department.

**MASTER PLAN ADOPTION PROCESS**

The City of Escanaba will follow, at a minimum, the provisions of Michigan Public Act 33 of 2008, as amended (the Michigan Planning Enabling Act, M.C.L. 125.3801 et. seq.) for the adoption of a new Master Plan or of an update to the existing Master Plan.

The Planning Commission will send a notice to all stakeholders as listed in the State enabling legislation; the notice will explain that the Planning Commission intends to prepare a plan and request cooperation and comment on the plan now and when the plan is drafted.

The Planning Commission and the City will then begin work on drafting or updating the plan. They shall involve the public through many of the methods listed in the section ‘Public Involvement Strategies,’ including, but not limited to, steering committees, open houses, community meetings, community walks and tours, website updates, social media, and surveys. The City shall encourage the involvement and participation of all stakeholders, including any marginalized groups that may be typically less involved in the planning process. Stakeholder involvement is encouraged from the beginning and the results of such public participation are made available to the community and participants and incorporated as much as is reasonably possible in the drafted plan or plan amendment.
**MASTER PLAN ADOPTION PROCESS (Cont.)**

In preparation, studies of existing conditions and probable growth should be done for the basis of the plan. The Planning Commission may make use of expert advice and information from Federal, State, County, and Municipal officials, departments, and agencies having information, maps, and data pertinent to the City. The City may consult with representatives of adjacent local units of government with respect to their planning so that conflicts in master plans and zoning may be avoided. The City may cooperate with all departments of the State and Federal governments, public transportation agencies, and other public agencies concerned with programs for economic, social, and physical development within the planning jurisdiction and seek the maximum coordination of the local unit of government’s programs with these agencies.

The City shall encourage and track the public participation through a variety of means, including minutes, public recording of meetings, comment cards, sign-up sheets, and input received verbally, through written correspondence or through website comments, and other means as appropriate.

The Planning Commission will act to submit the proposed plan to the City Council for review and comment. The process of adopting the Comprehensive Plan shall not proceed further unless the City Council approves the distribution of the proposed plan.

The City Council shall act on the proposed plan during a public meeting held in accordance with the Open Meetings Act. The City Council shall decide on the approval of the distribution of the proposed plan to local governments and agencies for review and comments.

If the City Council approves the distribution of the proposed plan, it shall notify the Planning Commission, in the manner provided by the State enabling law a copy of the proposed plan, for review and comment, to all of the units listed in the State enabling law. UPDATE TO THE ZONING CODE

In most cases, applications are due 21 days before the next meeting of the Planning Commission in order to meet the public hearing notice requirements.

The ordinance shall be introduced by City Council and then referred to the Planning Commission for review and recommendation. It may be necessary for the Planning Commission and/or the City Council to defer action on the application to one or more subsequent meetings to gather further information or to accommodate additional review and debate. The owner, applicant, or their representative will be advised in advance of any change in the review schedule. If the application involves property which falls within a wetland, historic district, floodplain, or downtown boundaries, review by one or more other boards or commissions will likely be required and may affect the overall review schedule.

Prior to submitting its recommendation to the City Council, the Planning Commission will hold a public hearing. The City Council will, on receipt of the report of the Planning Commission, set a date for a second public hearing for consideration of the proposed amendment, supplement or change. After the public hearing, the City Council may act upon the adoption thereof, with or without amendment. Whenever a written protest against such proposed amendment, supplement or change, signed by the owners of 20 percent or more of the area of land proposed to be altered or by the owners of 20 percent of the area of land within 100 feet of any part of the boundary of the land proposed to be altered, excluding any publicly-owned land from either calculation, shall be filed with the City Council, the rezoning ordinance shall not be passed except by at least a two-thirds vote of all members of the City Council.

The ordinance will be noticed in a newspaper of general distribution in the City at least 15 days prior to the hearing. The notification will also be sent by mail to the applicant, the owner of the subject property, and the owners of property within 300 feet of the subject property.
