

2016 Michigan Governor's Awards for Historic Preservation

Historic resources and archaeological sites tell us about the past and help us maintain Michigan's unique identity. Their preservation is vital to Michigan's present and future as they contribute to vibrant communities and our understanding of the past.

Each year the State Historic Preservation Office and the State Historic Preservation Review Board identify worthy recipients to receive the Governor's Awards for Historic Preservation, which are presented in May during National Historic Preservation Month. The awards recognize homeowners who rehabilitate their homes; developers who transform underutilized historic structures into vital economic assets; and academic institutions, archaeologists, nonprofits, and local governments—among others—who strive to preserve Michigan's important historic and cultural resources.
