Listing Property in the National Register of Historic Places in Michigan: An Overview of the Process & Requirements

Updated April 5, 2019

Thank you for your interest in listing property in the National Register of Historic Places. In brief, the process of listing property in the National Register includes the following steps:

1. A preliminary evaluation of the property’s eligibility for the National Register by SHPO staff.
2. Preparation of National Register nomination materials by the applicant, or a consultant hired by the applicant.
3. Approval of the nomination materials by SHPO staff.
4. Presentation of the property to the State Historic Preservation Review Board for its approval.
5. Submission of the nomination materials to the National Register by SHPO.

Each of these steps is explained in greater detail below. Please note that this document is not an exhaustive manual or guide to completing a National Register nomination in Michigan, it is meant simply as an overview.

Preliminary Evaluation of the Property's Eligibility for the National Register by SHPO Staff

Unless we already have sufficient historical information on the property in hand because of previous inquiries or other historic designations, we will request that you complete a National Register of Historic Places Preliminary Questionnaire for the property. The preliminary questionnaire is available on the National Register page on the SHPO’s website, www.michigan.gov/nrhp. A paper copy of the questionnaire will be mailed to you upon request.

Once you complete the questionnaire mail it to us along with the additional information requested in questionnaire checklist. The SHPO does not accept preliminary questionnaires by email or file-transfer websites (Drop Box, etc.).

Please note that workloads and resources necessitate the prioritization of some projects over others. While SHPO staff will make every effort to review preliminary questionnaires within a few weeks, it may very well take several months for SHPO to review lower priority projects.
After we have reviewed the questionnaire we will contact you with the results of our evaluation. In some cases we may request additional information before completing an evaluation.

If we evaluate the property as appearing to meet the criteria for listing in the National Register, we will encourage you to proceed with preparing a full *National Register of Historic Places Registration Form* (NPS Form 10-900) and accompanying documentation needed to nominate the property.

**Preparation of a National Register Nomination**

Nominating a property for inclusion in the National Register of Historic Places requires the preparation a nomination that includes a *National Register of Historic Places Registration Form*, photographs, maps, and other documentation.

Please visit the National Register’s official website, [https://www.nps.gov/subjects/nationalregister/index.htm](https://www.nps.gov/subjects/nationalregister/index.htm), for the following basic tools:

- The *National Register of Historic Places Registration Form* Word template;
- The instruction manual for preparing nomination materials, National Register Bulletin 16A, *How to Complete the National Register Registration Form*; and
- The National Register’s photographic requirements, the *Photograph Policy Factsheet Update*, and *How to Improve the Quality of Photographs for National Register Nominations*.

The SHPO will also often be able to provide a copy of a sample completed nomination form for a property similar to yours that may serve as a guide to the format and appropriate level of information needed.

In addition, SHPO maintains a list of federally qualified consultants who may do National Register nomination work for hire. Contracting this work out can often expedite the process of listing property in the National Register. The *Historian/Architectural Historian Consultant List* can be found on the National Register page of the SHPO’s website, [www.michigan.gov/nrhp](http://www.michigan.gov/nrhp).

**Who Prepares the National Register Nomination?**

Not SHPO staff.

Because of the workload, SHPO staff prepares few nominations in-house. It is the applicant’s responsibility to provide SHPO with a nomination form and the accompanying documentation that meet all National Register and SHPO standards and requirements. The SHPO will not proceed with the process of nominating a property to the National Register until the application is complete and in final form. See the list of required items to complete the National Register nomination at [www.michigan.gov/shpo](http://www.michigan.gov/shpo).
nomination package under Before We Place Your Property on the Agenda for a State Historic Preservation Review Board Meeting below.

We urge all property owners interested in nominating their property to the National Register to consider procuring the services of a federally qualified consultant. National Register nominations are a specific type of historical document that requires specialized knowledge, expertise, and experience. Having a knowledge of local history, no matter the depth, is often not sufficient to complete a nomination, and only serves to slow the process.

**Submitting a First Draft of the Nomination**

At this initial stage, please provide a completed *National Register of Historic Places Registration Form* and all items noted in the *National Register of Historic Places Nomination Submission Checklist*, found at the National Register page of the SHPO website.

We will review the nomination materials as soon as time permits and respond to you with our comments. While we understand delays are frustrating, workloads and resources necessitate the prioritization of some projects over others. The SHPO staff will make every effort to review draft nominations within four to six weeks, and applicants should be aware that other duties may delay a reply for several months.

The SHPO review priorities are as follows:

1. Nominations with grant or funding deadlines (including tax incentives, grants, contracts, etc.)
2. Nominations of federal properties
3. Nominations of properties located in [Certified Local Government communities](https://www.michigan.gov/shpo)
4. Nominations that address priorities addressed in [Michigan’s statewide historic preservation plan](https://www.michigan.gov/shpo)
5. All others

**A note on site visits:** unless SHPO staff is familiar with the property, a site visit to inspect the property may be required at any point during the nomination process.

**Before We Place Your Property on the Agenda for a State Historic Preservation Review Board Meeting**

Applicants and their consultants should review the [National Register of Historic Places Nomination Deadline Calendar](https://www.michigan.gov/shpo) and the [National Register of Historic Places Nomination Submission Checklist](https://www.michigan.gov/shpo). The deadline calendar provides useful dates for developing a timeframe for your project, and the submission checklist enumerates all of the materials that are needed before a nomination package is considered complete.
Following SHPO staff approval and before being submitted to the Keeper of the National Register of Historic Places, National Register nomination materials are reviewed by the State Historic Preservation Review Board at review board meetings currently held three times per year.

**Please note:** nominations will not be scheduled for consideration by the Review Board until all materials are **complete and in final form**. “Complete and in final form” means that the final version of the registration form incorporates all revisions noted by SHPO staff, and all other required items have been received and accepted by us.

**For district nominations:** in addition to the parties noted above, a complete nomination package will include a mailing list of owners for all properties included in the nomination, whether they contain buildings or not. For each property the list must provide both the property address and the owner’s mailing address. For churches, institutional properties, and properties owned by governmental bodies, a name and title for the appropriate person to be notified must be provided. For districts containing twenty or more properties, the mailing list must be provided in .xls or .xlsx (Microsoft Excel) format.

**A Note on File Types and Applications**

The State of Michigan utilizes the Microsoft Office suite of applications. Submitting files to SHPO in the specified formats will preclude any unforeseen issues with converting files from other file types. Applicants and consultants are free to use any application to produce the required documents, but the final submitted products must be in the types specified above. Please contact SHPO with any questions you have or problems you encounter.

**Submission of Materials to SHPO**

Preliminary questionnaires and final materials may be submitted to SHPO on either a CD or DVD or a “flash” drive (also called a USB or thumb drive). The SHPO will generally communicate with applicants via email, including providing comments on draft nominations, **we do not accept final materials by email or file-transfer website** (Drop Box, etc.).

Please note that all photographs, materials, and media (CDs, USB drives, etc) submitted to the SHPO become the property of SHPO and will not be returned. Additionally, photographs may be used in promotional materials unless copyrighted.

**Deadlines**

Please see the [Nomination Deadline Calendar](https://www.michigan.gov/shpo) found on SHPO’s [National Register of Historic Places webpage](https://www.michigan.gov/shpo) for information about deadlines for submitting drafts and final versions of nominations.

**Presentation to the State Historic Preservation Review Board**

[www.michigan.gov/shpo](https://www.michigan.gov/shpo)
The process of nominating a property to the National Register of Historic Places includes a presentation of the property and nomination to the State Historic Preservation Review Board, currently held three times per year, usually in January, May, and September.

The property is presented to the board through a short presentation using electronic images in a Microsoft PowerPoint presentation. Applicants, or the applicant’s consultant, if retained, are required to present the nomination.

**Notification of Nominations**

Property owners, local elected officials, and other interested parties are notified and given an opportunity to attend the meeting and submit comments relative to the nomination of the property.

For properties in non-Certified Local Government (CLG) communities, notification is sent between thirty and seventy-five days prior to the Review Board meeting date. The applicant provides SHPO with a list of property owners, local elected officials, and other interested parties. The SHPO provides written notification to these individuals of our intent to nominate the property as well as the date, time, and place of the Review Board meeting. This notification also includes a list of property owner rights and the results of listing a property in the National Register.

For properties in CLG communities, SHPO sends notification between sixty and 120 days prior to the Review Board meeting date. For a list of CLG communities in Michigan, please visit the [Certified Local Government webpage of the SHPO website](http://www.michigan.gov/shpo).

In the case of historic districts with more than fifty property owners, federal regulations governing the National Register program allow the SHPO to publish a notice in a local newspaper that serves the area in lieu of sending individual letters to owners.

**Submission of the Nomination to the National Park Service and Listing in the National Register of Historic Places**

Once the nomination materials have been approved by the Review Board and State Historic Preservation Officer, they are forwarded to the National Register of Historic Places, National Park Service, United States Department of the Interior.

Listing in the National Register normally takes place within forty-five days following their receipt of the nomination materials, unless the nomination is returned to SHPO.

We are informed of new National Register listings weekly by email, and will notify the applicant and the parties noted above by letter as soon thereafter as possible.
