

BEFORE

Pictured Rocks Interpretive Center

100 West Munising Avenue, Munising

COMPLETED 2016

Project overview

The redevelopment of the original city hall building included extensive, historic preservation and rehabilitation efforts necessary to eliminate the 17,707-square-foot building's blighted state and produced a high impact, vibrant development. The project eliminated blighted conditions in the completely vacant building with assistance of Community Development Block Grant funds, and added office, retail, and interpretive space promoting one of Pure Michigan's natural assets, Pictured Rocks.

MEDC investment: \$459,050 in Community Development Block Grant

Private investment: \$825,000
