

BEFORE

Wright Opera House

101 Superior Street, Alma

COMPLETED 2019

Project overview

Alma Opera Block LLC and Alma College are redeveloping the Wright Opera House and adjoining properties located in downtown Alma. In 2010, the Wright block was decimated by a fire and the development team worked to restore the building to its former historic glory. The Wright Opera Block consists of multiple three-story buildings and an adjacent one-story building known as the “Boiler Building.”

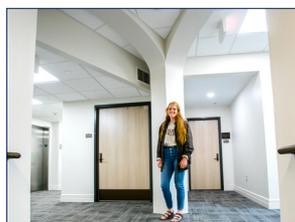

The Wright Opera Block, located at 101 Superior Street, will activate approximately 53,000 square feet of previously functionally obsolete space. The development is a true mixed-use development with commercial space on the ground floor and 16 residential units on the second and third floors.

MEDC investment: \$1,500,000 Michigan Community Revitalization Program

Private investment: \$3,718,035

Local investment: \$984,000 Obsolete Property Rehabilitation Act Abatement
